

# ARBORESCENCE

DESIGNED BY HERVÉ LANGLAIS

La collection *Arborescence* s'inspire de la nature à travers une ligne organique et équilibrée: trois tubes de laiton cintrés qui maintiennent délicatement un abat-jour posé. Déclinée en lampadaires, suspensions, lampes et appliques, elle s'adapte à tous les espaces. La collection est également réalisable sur mesure pour des projets uniques.

The *Arborescence* collection draws inspiration from nature through an organic, balanced design: three curved brass tubes gently hold a shade in place. Available as floor lamps, pendants, table lamps and wall sconces, it adapts to all types of spaces. The collection can also be custom-made to create unique, project-specific pieces.
