

MOULURES

DESIGNED BY JOSÉ LÉVY

Les Moulures s'inscrivent dans l'ancrage parisien de José Lévy et son héritage haussmannien. Dans un travail de « déconstruction » de ce style iconique, le designer a détourné le motif ornemental des moulures intérieures pour sculpter la base de ces appliques ou lampes à poser. En apposant une tête en verre opale à ce pied architectural, le designer amplifie le charme de ces lampes qui reprennent l'idée de forme habitée.

The Moulures are in keeping with José Lévy's Parisian roots and Haussmann heritage. In a work of "deconstruction" of this iconic style, the designer has used the ornamental motif of interior moldings to sculpt the base of these sconces or table lamps. By affixing an opal glass head to this architectural base, the designer amplifies the charisma of these lamps, which echo the idea of inhabited form.
