

CANDY

DESIGNED BY JEAN-BAPTISTE FASTREZ

La collection *Candy* a été conçue pour mettre en valeur le cœur du savoir-faire de CVL, soit le travail et la mise en forme du laiton sous forme de tubes. Les objets sont réduits à l'essentiel pour exprimer la pureté du métal et la précision des finitions caractéristiques de CVL. Cette apparente sobriété est subtilement complétée, voire contrebalancée, par un motif laqué en spirale qui s'enroule autour du tube tel un sucre d'orge.

The *Candy* collection was designed to showcase the core expertise of CVL: craftsmanship and the shaping of brass in tubular forms. Objects are reduced to their essence to express the purity of the metal and the precision of CVL's signature finishes. This apparent simplicity is subtly enhanced, or even counterbalanced, by a lacquered spiral pattern that wraps around the tube like a candy cane.
