

# TÉTRA

DESIGNED BY ÉMILIE CATHELINÉAU

Seul ou en composition, le module triangulaire *TétrA* dessine par la lumière vos inspirations. Un objet sobre se multipliant à l'infini.

By itself or as an arrangement, the triangular module *TétrA* can shape your own creation with light. A simple object that can be multiplied endlessly.

**Description  
Features**

Lorsqu'ils sont positionnés côte à côte, les luminaires *Tétra* peuvent être interconnectés grâce à un câble circulant entre le mur et l'arrière du luminaire. Ce montage ne nécessite qu'une seule sortie électrique. Veuillez noter que le système d'interconnexion n'est pas certifié UL.

Positioned side by side, *Tétra* lights can be interconnected with a cable that runs between the wall and the back of the lights. This arrangement requires only one electrical outlet. Please be aware that this interconnected system is not up to code in the US and is not UL certified.
